## ***Explanatory note***

Under the Bishop's Stortford Cemetery Act 2024 and Faculty 1903 in the Diocese of St Albans the Council is granted the powers necessary to reuse graves for the purpose of providing additional space for burials. The powers are subject to certain conditions and protections for relatives of the deceased including a requirement to post specified notices. They supplement existing, more limited, powers of reuse which have utilised from 2017 to date.

Areas have been designated in the Old Cemetery in which it is proposed to reuse graves under these powers. These areas are the locations of the 'oldest' graves in the Cemetery, almost all dating back to before 1949 and many dating back to the 1800s. All graves within a designated area are potentially affected, with the exception of

- Graves where there is a recorded interment more recently than 31<sup>st</sup> December 1949
- Graves where the exclusive right of burial is owned by the Commonwealth Commission for War Graves
- Graves where a objection was received (and not withdrawn) during the passage of the Bishop's Stortford Cemetery Act 2024

Figure 1 below shows the areas designated for reuse. In this diagram the areas are as follows

- A – Area for coffin burials and cremated remains (consecrated)
- B – Area for coffin burials and cremated remains (un-consecrated)
- C – Area for the interment of cremated remains only (consecrated)
- D – Area for the interment of cremated remains only (un-consecrated)

In order to facilitate reuse it will be necessary, in areas A and B ONLY to

- Extinguish exclusive rights of burial
- Remove certain memorials
- Disturb human remains

These measures will not be necessary at the current time in areas C and D, where only cremated remains will be interred.

Exclusive rights of burial will be extinguished shortly after the expiry of the period of notice in the formal notice below.

Memorials removed may be reused or destroyed in accordance with the protocol which is published on the Council website, and on which both the Ministry of Justice and the Diocese of St Albans have been consulted. This protocol includes a requirement to consult on the historical significance of memorials and to refrain from removing memorials of special historical significance

Human remains disturbed will be re-interred in the same grave or elsewhere in the Cemetery, in accordance with the provisions of the Act. At the current time it is the intention to re-inter at a lower level in the same grave, a process known as 'lift and deepen', which is well known in church graveyards.

Memorials will be removed and human remains disturbed only shortly before a specific space is required for burial. The timing of this will depend on demand, but is likely to extend over a period of 20-40 years. Regulations for new memorials ensure that the character of the Cemetery is preserved or enhanced; the advice of the Conservation Officer was sought prior to the creation of these regulations.

The notice which follows this explanatory note is the formal notice required both under the Act and the Faculty. Questions or queries about this may be directed to [cemetery.admin@bishopsstortfordtc.gov.uk](mailto:cemetery.admin@bishopsstortfordtc.gov.uk)

## ***Notice***

### **Bishop's Stortford Cemetery Act 2024 and Faculty 1903 in the Diocese of St Albans**

Bishop's Stortford Town Council hereby gives notice that it intends to extinguish exclusive rights of burial ('ERB'), remove memorials and disturb human remains in designated areas of the Old Cemetery, Bishop's Stortford. The purpose is to make space available for new burials. The graves affected are set out in the schedule below. Exclusive rights of burial will be extinguished on or soon after 15th October 2026. Memorials will be removed, and human remains disturbed when, or shortly before, the space in question is used for a new burial.

If a notice of objection in relation to any grave is made (and not withdrawn) by the registered owner of a an ERB or of a memorial, or by a relative of a person interred, no extinguishment of the ERB, removal of memorial or disturbance of human remains will take place in respect of that grave until 25 years has expired from the date of objection and further notices have been posted (in accordance with the Act) to which no objection is raised.

If a notice of objection to the extinguishment of an ERB in, or to the removal of a memorial from, any grave and of the grounds of any such objection is given by any other person, the right or memorial will not be extinguished/removed without the consent of the Secretary of State.

The registered owner may, within six months of the date on which an ERB is extinguished, make a claim for compensation, in which case Bishop's Stortford Town Council must pay compensation in accordance with the provisions of the Act, or, alternatively, revive the ERB.

Notices of objection must be given no later than 15th October 2026 to Bishop's Stortford Town Council, The Old Monastery, Windhill Bishop's Stortford, CM23 2ND FAO Chief Executive Officer, or by email to [cemetery.admin@bishopsstortfordtc.gov.uk](mailto:cemetery.admin@bishopsstortfordtc.gov.uk)

Further information, including the name (where known) of the registered owner of each ERB or memorial, and the names of any person whose remains it is proposed to disturb, appears in the schedules below.

## ***Schedule of Names of persons whose remains it is proposed to disturb***

The following table shows the names of persons whose remains it is proposed to disturb, sorted by grave number. A table sorted by last name follows.

Notes:

- the recorded name may not be the usual name by which the person was known, or the spelling may be different; it is therefore advised to check all variants.
- Interments of stillbirths are generally recorded as 'stillborn of <name>'
- Names of Infants may be preceded by 'Infant'

### ***Schedule of owners of Memorials that it is proposed be removed***

The Council has no record of the owners of memorials on the affected graves. Where the exclusive right of burial is privately owned, the owner of the ERB, which it is presumed is also the owner of the memorial, is listed above.
